Louie

Located in a historic 19th century townhouse moments away from Covent Garden and Soho, Louie London evokes the soul of New Orleans and the sophistication of Paris.

When Louie was created, conceptualising each of the four floors' individuality was key. Designed by the renowned French designer duo Dion & Arles, the decor reflects a reinvented simplicity, balanced out by dramatic antiques and an intricate use of rich textures and vibrant colours.

Each floor can be hired and accessed individually via two dedicated entrances on West Street. With a capacity reaching 350 guests, Louie boasts a variety of spaces perfect for private dining and events.
